

Professional Certificate in Freehand Visualization for Interior and Architectural Design (90hrs) 65023C

Freehand drawing is one of the major means of communication in interior and architectural design. The functions and values in terms of idea development, effectiveness in presentation cannot be entirely replaced by computer aided media.

The course aims to train hand drawn sketching, drafting and rendering skills and techniques with the implementation of mixed use computer software to enhance visualization. The course enables practitioners to illustrate conceptual ideas, produce perspective drawings, interior layouts and sketches using various methods and mixed media. Practitioners will be able to make use of this skill as an integrated practice tool for aesthetic expression, design development and presentation.

Course Outline

1. Architectural Drafting and Perspective Drawing (30 hrs) Module Code DDP4044Y
 - Architectural Drafting
 - Perspective Drawings
2. Interior and Architectural Rendering (30 hrs) Module Code DDP4078Y
 - Rendering (Black and White)
 - Color rendering
 - Computer touch up
3. Freehand Sketch Visualization (30 hrs) Module Code DDP4068Y
 - Freehand sketching workshop
 - Graphical communication
 - Visualization of conceptual ideas

Duration: 90 hrs

Fees

Full Course: \$12,300 (90hrs)

Single Module: \$4,500 (30hrs)
